VOL. CXV. No. 180. ALEXANDRIA, VIRGINIA WEDNESDAY, JULY 29, 1914. PRICE, 2 CENTS

CZAR SAYS HE WILL DEFEND HIS ALLY

Sends Warning to Emperor William of Russia's Purposes.

AUSTRIA'S ACT OF WAR

Fourteen Russian Army Corps Menacing Germany—Strike of 200,000 Men Called Off.

London, July 29.—Czar Nicholas has personally communicated to the Kaiser the position of Russia in the Austrian-Servian conflict, informing him that any invasion of Servia will be immediately followed by Russian mobolization orders.

It was learned from a most authentic source today that the Czar had sent a telegram to this effect to the German monarch.

St. Petersburg, July 29.—Word from Servia that the Austrian army has crossed the border or that Belgrade has been formally occupied will be immediately followed by an order for the mobilization of the Russian army.

Despite the fact that it is thoroughly understood here such action on the part of Russia would mean the issuance of mobilization orders in Berlin, preparations for the army concentration went on without interruption today. The Czar held repeated conferences with the war and foreign affairs ministers. What amounts to partial mobilization is now in progress. Fourteen army corps are moving and troops are being concentrated in the west and southwest from the German frontier to the Black Sea.

The foreign office has been in communication with Berlin, Russia has declared that her desire for peace but that invasion of Servia will not be countenanced. Germany has refused to interfere with the movements of Austria, and it is thoroughly realized that what may follow rests largely with the government of the Czar.

Czar Nicholas is highly pleased with the support the throne has received as a result of the declaration of war between Austria and Servia. With the general strike, involving nearly 200,000 men, called off, patriotic demonstrations occurred in the capital and other cities. There were street demonstrations during which crowds marched to the British and French embassies and wildly cheered the envoys of the Czar's allies.

KING PETER'S CONFIDENCE.

Servian Ruler Says He Can Raise Army of 500,000 to Repel Invasion.

Kraguyevatz, Servia, July 29.—"We will crush Austria." With these proud words King Peter of Servia, yesterday proclaimed himself and his country ready for combat and set at rest rumors that he was urging Prince Alexander, who has served as regent for a few weeks, to yield to Austria without giving battle.

"By calling up all the reserves," said King Peter with flashing eyes, "we will be able to put 500,000 men in the field. Every man is resolved to perish rather than allow his country, which has just risen after 500 years of oppression, to be crushed. My Serbs are equal to 1,000,000 Czechs, Hungarians, Germans, Croats, Ruthenians, and Slavonians who form the Austro-Hungarian army. Everything divides the Austrian army, which will not fight for a single idea as we shall. Our mountain-trained fighters form the most formidable legion in the world. The officers are splendidly trained; the armament is ultra-modern. The infantry possesses 100-model Mauser rifles. The artillery has Maxims and 1908 model French quick-firing guns."

SUMMER SCHOOL.

On August 3rd, I shall open a summer school at the Lee School for the purpose of coaching pupils who are deficient in their school work. Terms $2.50 per week for one subject, and special terms for additional classes.

Signed M. N. FISHER.

NEWS OF THE DAY

Mme. Henriette Caillaux was last night acquitted by a jury in the Court of Assize of the willful murder on March 16 last of Gaston Calmette, editor of the Paris Figaro. The verdict was returned after 50 minutes' deliberation. The announcement was followed by the wildest tumult. Mme. Caillaux staggered and then threw her arms about the neck of her counsel, Fernand Labori. Her hair was undone, falling over her shoulders, and her hat dropped to the floor. The spectators stood upon desks and chairs. "Caillaux! Labori!" and cries of "Caillaux, assassin!" berged into one.

A consignment of 4,000 rifles for the Irish Nationalist volunteers was landed during the night at Newcastle, on the coast of County Wicklow. The gun runners evaded the coast guards and police and conveyed the weapons to Dublin in motorcars. Two gunboats were in the bay at the time flashing their lights. Another batch of 1,000 rifles was landed near Kilcool, also in Wicklow.

Robert, aged 9 years, son of D. C. Marker, of Frankfort W. Va., was brought to the Western Maryland Hospital at Cumberland, Md., yesterday with both legs cut off above the ankles. Lemuel Oglesbee was driving a mower and asked the boy to get him a switch. The lad before handing it to Oglesbee stepped in front of the mower and struck the horses, causing them to start. Last week the boy's 13-year-old brother, Oscar, had his leg broken while riding a horse by being kicked by another horse.

Arunah Abell, son of the late E. F. Abell, and grandson of A. S. Abell, founder of the Baltimore Sun, and himself long connected with newspaper work, died at the Union Protestant Infirmary, Baltimore, yesterday after an extended illness. He was 48 years of age and leaves a widow, who was Miss Anna Schley, cousin of Rear Admiral Schley, and seven children.

Charles R. Plunkett, a Cornell graduate, and Jacob Isaacson, two of the I. W. W. leaders brought to trial in Tarrytown, N. Y., yesterday were sentenced by Judge Mooreheuse to serve two months in Blackwells Island penitentiary, after they had been found guilty of making inflammatory speeches and disturbing the peace during a street gathering here on May 30.

The overjoy of locating his wife in Russia, after having lost track of her for a long time, caused the death of Samuel Yamm, 50 years old, in Brooklyn. Yamm dropped dead after receiving a letter from his wife saying she was on her way to join him here.

War ran up wheat transactions yesterday on the Chicago Board of Trade to a total of nearly 100,000,000 bushels and shot prices skyward 8 1-4 to 9 1-4 cents. No other day of the twentieth century has witnessed trading here that was equally wild. Although failures were momentarily looked for, there was none announced.

While carrying a pilot, Giovanni Marcello Caviggia, and a passenger named Camiletti, an aeroplane plunged from a height of 800 feet at Novara, Italy, yesterday. Both men were killed.

Dr Grace Pryor, a noted eye specialist, fell from a window in her apartment in New York, ten stories to the street below and was instantly killed.

After shooting and seriously wounding his sister-in-law, Mrs. Putnam, a ther home in Pattersonville, N. Y., yesterday Charles B. Henry, a farm laborer, shot and killed her husband, a truck gardener. Henry was arrested and admitted the crime. Friends assert that Henry attributed his wife's leavins him to the Putnams' influence.

An achievement of modern surgery was accomplished at Huntington, W. Va., as the result of which an 18-month-old infant, born blind, with cataracts covering both eyes, is now able to see for the first time. The child is Lindsay Davis, son of Mr. and Mrs. L. H. Davis, and the operation was performed by Dr. C. M. Hawes, of Washington.

PRICE OF FOOD CAUSING RIOTING

Dealers in Necessaries of Life Attacked by Infuriated People.

EFFECT ON BUSINESS

Country Stripped of Male Population—Exodus of Reservists — Prices Fixed by Government.

Vienna, July 29.—Austria is being stripped of its male population for the war with Servia.

Shops are closed and business all but paralzed because of the exodus of all reservists to the front.

Patriotic demonstrations have been in progress almost constantly for days, but the government was forced to interfere when food riots broke out.

All foodstuffs advanced to a prohibitive price. As a result, dealers were attacked and mobbed by infuriated citizens.

Having the telegraph, telephone, and railway lines already under control, the government took charge of the food for the nation today. A maximum price for all foodstuffs was established with orders that any attempt by merchants to extort higher prices, would be followed by arrest and imprisonment.

Emperor Franz Joseph is expected back in the capital at any time. Following the issuance of a manifesto to his people, the aged monarch ordered that his court be moved at once from Ischl. In his manifesto the Emperor, after declaring that it had been his wish that his declining years might be devoted to preserving the peace of his country, he pointed out the acts of Servia which led to the declaration of war. He said:

'In this solemn hour, I am fully conscious of the whole significance of my resolve, and my responsibility before the Almighty. I have examined and weighed everything and serenely conscious I have set out on the path that duty points.

"I trust in Austro-Hungary's brave and devoted forces and in the Almighty to give victory to my arms."

MIDNIGHT SLASH FATAL.

Three Italians Murder Baltimorean Shortly After Midnight Monday.

Baltimore, July 29.—Attacked by three Italians whom he accosted for information, William Mitchell, 75 years old, 3200 Elliott street, was stabbed in the abdomen shortly after midnight Monday. He died at 8 o'clock yesterday morning at Mercy Hospital.

Mitchell in a dying declaration taken at the hospital by Round Sergeant Hood, of the Central District, said he approached the men at Pratt and President streets about 12.05 a. m. and asked them where he could get a drink. A remark about "treating" passed and the next moment one of the men drew a knife from his pocket and plunged it into Mitchell. The assailant fled down President street as Mitchell fell and the other two ran out Pratt street. Mitchell's wound was near the pit of the stomach.

Three men answering the description of Mitchell's assailant were arrested yesterday morning. They are Joseph Britte, 22 years old; Joseph Purneski, 26 years old, and Louis Cardaroz, 22 years old, all of 213 President street.

Britte is believed to have been the one who did the stabbing. He tallies with Mitchell's incomplete description of the man who cut him. Two strong incriminating points against him particularly are that he is the only one of the trio who understands and speaks English and that a long knife with a four-inch blade was found in his coat pocket in his room.

The knife had recently been washed. Britte admitted that he wore the coat at the time Mitchell was attacked, but was unable to explain the use of such a large knife. He also said he was "about the neighborhood" when the stabbing occurred.

MRS. BRAGER SUES AGAIN.

Brings Action in City for Share of Her Father's Estate.

Baltimore, July 29.—Ten of those sued at Towson by Mrs. Blema Brager, wife of Robert A. Brager, for what she claims to be her just share of the estate of her father, the late Joseph Friedenwald, were also sued by her in the city yesterday, objection to the jurisdiction of the county court as to the 10 defendants having been made, as they were not residents of the county.

The declaration is similar to that in the Towson suit, and the claims in each is for $400,000 damages.

Mr. Friedenwald, father of Mrs. Brager, left 12 children and an estate valued at $4,000,000. Had he died intestate Mrs. Brager would have been entitled to about $350,000, it is asserted, but by will dated December 28, 1910, her father left her only $40,000. Notice was given to her brothers and sisters by Mrs. Brager that unless she was allowed an equal share of the estate she would contest the will. Thereupon, it is alleged, the other heirs told her that Mr. Friedenwald had executed another will on April 24, 1903, which disinherited her, and that if she succeeded in having the latter will set aside she would receive nothing from the estate unless she succeeded in having the will of 1903 set aside also.

Relying upon what had been told her, it is stated, Mrs. Brager conveyed her interest in the estate to the other heirs for $80,000. It is alleged, however, that the representations made to Mrs. Brager were false because those making them did not believe the will of 1903 to be valid, but knew it had been obtained by undue influence.

The will of 1910 having been broken in a suit brought by Moses S. Friedenwald, when other heirs caveated the will of 1903, Mrs. Brager renewed her claim for an equal share of the estate and was given $40,000 more.

Mrs. Brager contends that the only valid will executed by her father was on August 3, 1875, by which he conveyed all his estate to his wife, who died August 19, 1905, and that she is entitled to share equally with her brothers and sisters.

HARRISON ON THE STAND.

President of Southern Denies Rates Are Legally Fixed.

Washington, July 29.—President Fairfax Harrison of the Southern Railway was cross-examined yesterday by attorneys for independent coal operators before the Senate committee investigating charges of discriminations in coal rates in the South.

Mr. Harrison denied any knowledge that the Appalachian fields were divided between the Southern and Louisville and Nashville. He declared the Southern had paid Henry K. McHarg $6,000,000 for the Virginia and Southwestern in 1906, although B. L. Dulaney, a coal operator of Bristol, had offered it in 1903 for $1,500,000 because circumstances were altered and a competitor was bidding for the road in 1906. Questioning brought out that McHarg is related to George F. Baker, one of the Southern's voting trustees.

Under further questioning Mr. Harrison testified that 75 per cent of the Southern's stock is held abroad; that 3 per cent, of its bonds were held in the South, and that the road's directors hold very little stock. Mr. Harrison said he had no knowledge of property interests of directors along the line.

Mr. Harrison was asked if the railroads of the South did not make and unmake rates on coal and other commodities at joint conferences.

"No railroad can make rates by itself in this day," said he. "But there is no illegal fixing of rates. I deny that imputation."

Mr. Harrison added that after the trans-Missouri decision the lawyers advised that at these conferences there should be no agreement on rates, but there could be an individual announcement of rates.

At the conclusion of Mr. Harrison's cross-examination the committee postponed further hearings until November 15.

MAY BAR NEGROES FROM PRIMARIES

Attorney General Pollard's Construction of Pure Election Law.

CAUSE OF MUCH TALK

Law Recognizes Right of Party to Prescribe Qualifications of Voters —Restricted to Whites.

Richmond, July 29.—In an opinion made public yesterday, Attorney-General Pollard holds that the action of the Democratic party in adopting a plan under which the electorate in primaries is limited to white Democrats only, is valid under the provisions of the new primary act. He holds further that the General Assembly in the act of March 25, 1914, expressly recognized the right of parties to prescribe qualifications to vote in primaries other than the qualifications set out in the general law.

The ruling is regarded as of the first importance from its bearing upon the recent Administrative Board election, in which a considerable number of colored voters were permitted to participate. Local politicians closely in touch with the situation make the assertion that not less than seventy-five negroes voted in the primary on July 16, for members of the board.

Criticism of the colored participation in the board primary was voiced in many quarters upon election day and on the days immediately following. The charge was made that friends of certain of the candidates made a consistent effort to convince negro voters in all parts of the city that they had a right to participate in the primary The fact that the margin between the winners and losers in the election was so large that the colored vote could not have been a deciding factor prevented a protest which would have assumed the proportions of a scandal.

Mr. Pollard's ruling is further significant from the fact that it is the first official statement of the law as applied to the right of parties to restrict the electorate to white voters. The point was given only slight attention in the General Assembly when the primary bill was being carefully analyzed. It asserts in positive language that parties have the full right under the new law to bar negroes from participation in their primaries, and sets at rest a vexed question.

NAVY AIRSHIP WRECKED.

Ensigns Operating Machine at Hampton Roads, Thrown Out, but Escape Injury.

Washington, July 29.—Naval aeroplane A B 4 was wrecked yesterday in an attempt to alight on the waters of Hampton Roads. Ensigns Lamont and Capehart, operating the machine, were thrown into the water, but escaped uninjured.

Few details of the accident were given in meagre dispatches to the Navy Department last night. The machine, the report said, had returned from a flight over the Roads, and attempted to alight, when it suddenly swerved, side-swiped the surface and upset.

The A B 4 is one of the Curtiss flying boats recently purchased by the Navy, and was successfully used last week in bomb-throwing experimenet at Indian Head, Md.

WILL REFUND HOTEL TAXES.

Judge Renders Opinion Construing a Provision of the Byrd Law.

Richmond, July 29.—Judge Richardson rendered an opinion in the Hustings Court yesterday holding that four of Richmond's principal hotels are entitled to a refund of taxes assessed against them in 1913 by the Commissioner of the Revenue, at the instance of State Auditor Moore. The hotels and the amounts which they are entitled to get back are as follows. Richmond, $905; Jefferson, $1,403; Lexington, $355; Murphy's, $755.

In the former case the four hotels filed a petition asking for a refund of taxes paid during the years 1912 and 1913, on the ground that under the Byrd law the section in the previous Mann law imposing a tax on hotels was specifically repealed, the idea evidently being that the tax for the liquor privilege and similar concessions was sufficient to cover the other tax.

In respect to 1912 the court sustained a demurrer of the Commonwealth, which pleaded the statute of limitations for that year, the law requiring that the petition should be filed within a year after the levying of the tax. The following year, however, fell within the time limit, and so the opinion applied to that year.

As the court viewed the situation, it narrowed down to the question whether a hotel could be regarded as a house of private entertainment and thus become amenable to the law, as held by the State auditor, such places being subject to a regular tax under the law, according to the number of rooms, there being no license for the sale of liquor.

Judge Richardson then went on to define a house of entertainment, saying that it fell in that class which was permitted to limit its class of customers, while a hotel was to be regarded in the light of an ordinary licensed to sell liquor and not permitted to limit its line of customers.

Whatever might be his personal opinion as to whether hotels should be subject to a specific tax in addition to other taxes required of them, Judge Richardson said that the Byrd law, as originally enacted, clearly exempted hotels from the extra tax and he would order the refund accordingly.

He pointed out, however, that the last Legislature, evidently realizing that it had made a mistake in the matter, amended the law so that hotels could be included.

NEGRO PARDONED.

MANY SIGNERS NOT ELIGIBLE TO VOTE

Self-Government League Scrutinizes Petitions for Election.

PENALTY INCURRED

Out of Sixty-eight Signatures in Richmond Twenty-four Not Qualified to Vote in September.

Richmond, July 29.—Examination of the petitions submitted to Governor Stuart, asking for the special election on prohibition next September, conducted by the authorities of the Virginia Association for Local Self-Government, reveal the fact that in a large number of cases the petitions contain the names of persons not eligible to participate in the elec-

The fact is regarded by local self-government leaders as in the highest degree significant. With the analysis of only a limited number of the petitions so far complete, it is stated, the results bear out the statement made by the asssociation on the day following their filing with the Governor, that a considerable proportion of the signers had no legal right to affix their names to the petitions.

The situation was brought sharply to the front in Richmond yesterday by the discovery that on a single sheet of one of the petitions, bearing 68 signatures, 24 have been declared by the election authorities to be unable to vote in Richmond on September 22. The list was carefully compared with the list of qualified voters on file in the Hustings Court, and the discrepancy became at once apparent. Among the ineligibles are a number who live out of the city and others who are not qualified.

Together with petitions containing more than 1,900 names the petition referred to was filed in the Hustings Court with the assurance of a notary and qualified. The fact that a 25 per cent shrinkage has been discovered in a single page of a single petition, in the opinion of the opinion of the Local Self-Government Association, makes it certain that the remaining petitions, while probably not so highly defective, will reveal marked discrepancies.

The large number of illegal signatures is regarded as all the more remarkable in the light of the penalty provided by the law for signing the petitions without right. The act provides:

"If any person shall knowingly and wilfully sign such a petition without being legally qualified to do so, or if any person circulating such a petition shall knowingly and wilfully make a false certificate and affidavit to the same, he shall be guilty of a misdemeanor, and upon conviction shall be fined not less than $5 nor more than $50."

WAR IN SAN DOMINGO.

Revolutionists Said to be Closing in on Capital.

Washington, July 29.—A violent outbreak of hostilities in Santo Domingo is impending as a result of the expiration of a truce arranged through the efforts of the American naval officers there.

The revolutionists are reported to be closing in on the capital, and the hold of the government is said to be rendered doubly precarous by reason of the absence of President Bordas, who is engaged in besieging another faction of the rebels at Puerto Plata.

Meanwhile these besieged rebels have managed to secure fresh supplies of ammunition and food, and are now said to be in a position to hold out indefinitely.

Cape Haitien, Haiti, July 29.—Heavy fighting has been in progress between the government forces and the revolutionists.

The federals attacked the rebels at Trou, to the south of Cape Haitien, and forced them from their intrenchments, recapturing the town. The rebels also evacuated the village at Caracol, but fighting continues at several other points.

VIRGINIA LAWYERS.

Annual Meeting Will be Held This Year at Hot Springs.

Richmond, July 29.—The lawyers throughout the State are interested in the annual meeting of the State Bar Association, which will be held on August 4 to 6, at the Homestead Hotel, Hot Springs, Va., and for which special hotel and railroad rates have been secured.

The meeting promises to be one of unusual interest, and a large attendance is anticipated. The annual address will be delivered Thursday morning, August 6, by the Hon. Charles E. Littlefield, of New York, The title of his address will be "Panama Canal Tolls," dealing with the right of the United States to exempt its own shipping. A paper of special interest will be that read by Professor Charles A. Graves, of the University of Virginia. "The Forged Letter of General Robert E. Lee," in which the author will undertake to prove that the famous letter of General Lee containing the expression "Duty, Then Is the Sublimest Word in Our Language," is a forgery. A paper will also be read by Mr. Lewis C. Williams, of the Richmond bar, entitled "Employer's Liability and Workman's Compensation Law," which is likely to prove of special interest and benefit to lawyers at this time.

ENDORSED AT HOME.

Such Proof as This Should Convince Any Alexandria Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Alexandria adds one more to the many cases of Home Endorsement which are being published about Doans Kidney Pills. Read it:

H. C. Smith, tailor, 919 King St., Alexandria, Va., says. "I hope my statement will be the means of getting other sufferers to use Doan's Kidney Pills and be cured, as I was. I could not begin to tell the agony I endured from my back. I didn't find anything that would cure me until I used Doan's Kidney Pills. They made me well in less than a month, and during the past two years I have had no trouble. The endorsement I gave at the time the cure was made still holds good."

CONTRACT IS SIGNED

Alexandria County Gives Pledge for $60,000 for Construction of Road.

Members of the board of supervisors of Alexandria County signed the contract guaranteeing $30,000 as their share of the construction cost of that portion of the Washington-Mount Vernon boulevard which will be signed by the acting Secretary of Agriculture today. The $60,000 is not quite enough to complete the road to Alexandria, however, and Washington may be asked to contribute $7,000 additional which is needed to extend the boulevard all the way to Alexandria.

Only a fraction of a mile is to be provided for.

The signing of the agreement putting up necessary funds assures construction of the road from Arlington Cemetery to Alexandria.

The board of supervisors did not meet to sign the contract with the government. Instead their signatures were put on the necessary papers individually, the board having been authorized to sign at a meeting yesterday.

PLEASANT WEATHER.

Heavy Rain of Yesterday Followed by Northerly Winds and Lower Temperature.

Notwithstanding the official forecast that warm weather would continue this week, conditions changed, materially yesterday after a heavy downpour of rain, and after dark the weather became considerably cooler and has been pleasant today.

About 3 o'clock yesterday afternoon a black cloud, which was rapidly moving, appeared in the northwestern heavens. One year ago tomorrow a similar cloud appeared in the same quarter and the fiercest storm ever witnessed by the present generation followed, during which the wind blew with hurricane force, hail, mingled with rain and a number of houses were considerably damaged. The recollection of this disturbance, still fresh in the minds of many, caused apprehension, but although the wind was high and rain fell in torrents, no damage followed. The cool wave which followed has brought good humor to all.

Many telephones in the city were put of commission as a result of the storm, the wires becoming grounded. Numerous homes and business houses last night were without telephonic communication. Repairs will be made during the next two or three days.

SITE FOR NEW HOSPITAL.

Committee Will Meet This Afternoon to Consider Matter.

The building site committee of the Alexandria Hospital will meet this afternoon at the rooms of the Chamber of Commerce at which time the question of the site for the new hospital building to be erected at an early date, will be considered. It is probable that the committee may reach a decision as to the site at this afternoon's meeting. Several meetings have already been held and a number of pieces of property in various sections of the city have been offered.

The building committee which is charged with the preparation of the plans have taken no action pending the selection of the site.

The cost of the site and the building will be in the neighborhood of $70,000. Of this sum about $42,000 was recently raised by public subscription.

WORE A SPLIT SKIRT.

Woman Made to "Pin Up" at Station House and Dismissed with Admonition.

Officer Reid yesterday arrested a colored woman who was attired in a manner which he regarded as unconventional. She was conducted to the station house where she averred the skirt was split accidentally as she stepped from an electric train. The woman was furnished with pins and after having adjusted the garment to the satisfaction of the officer, she was allowed to depart for her home in Washington. She had visited this city for the purpose of interviewing an "uncle," who is a member of the profession recently taxed out of business in the capital city.

This is the first case where the wearer of a split skirt or a diaphanous gown has attracted the attention of the Alexandria police. An offender was made to pay $50 in Richmond recently for appearing on the street garbed in a manner to attract general attention.

IMPOTENCY OF PEACE TRIBUNALS.

A few years ago certain persons, many prominent in the world, who prefer to look upon the bright side of everything, were confident the time was about to come when war would be a thing of the past, as the spirit of the times, as they dreamed, demanded that all international disputes should be settled by arbitration.

The Hague Tribunal, according to these enthusiasts, was to be mightier than the sword, and dreadnoughts, rapid-firing guns, magazine rifles, and the thousand and one devices for wiping out human life were to be relegated to junk piles and museums, while the dove of peace would be cooing in every clime.

Notwithstanding these roseate pictures, however, and international congresses for bringing about the millennium, the nations never ceased building cruel-looking war ships and arsenals were still kept busy turning out firearms.

Like a sudden clap of thunder, Mars has appeared in his might, the temple of Janus is thrown open and the foundations of a colossal air castle have fallen in a few hours.

We are told by One who knew that wars and rumors of war are to continue as long as present mundane conditions exist, and no matter how far arbitration may advance, the love of conquest and misunderstandings will occasionally precipitate clashes among nations.

Should the several European nations become involved in the colossal war many now believe to be inevitable, it is calculated that the cost will aggregate fifty million dollars a day. Stupendous sum which will have to be paid.

Walter Scott in his "History of Napoleon," in referring to the battle of Waterloo, says: "Napoleon is crushed, but he has put crape upon every other doorknob in England. Should the fierce struggle now imminent proceed a few months crape will be found fluttering from every home in Europe.

ACQUITTAL OF MME. CAILLAUX.

Mme. Caillaux, who went to the office of Gaston Calmette, editor of the Paris Figaro, and shot him to death, is a free woman, a jury in a French court having declared she was justified in her act by his repeated and bitter attacks on her husband and herself.

We are not called upon to sit as an appellate court upon this decision, but we may suggest that such verdicts are liable to spur other disgruntled people to resort to assassination in order to avenge themselves for real or imaginary wrongs.

At the same time the outcome of the above case should prove a deterrent to certain wielders of the quill who strangely imagine they are privileged to render the lives of others unbearable.

A person who is the target of a malicious writer has virtually no redress. Should a suit for slander be instituted there is but little chance of obtaining a verdict against the guilty party. The victim, nagged incessantly, soon finds life a burden, and in desperation, resorts to the only means at hand to get rid of the tormentor.

Editor Calmette had Mme. Caillaux at a disadvantage. He knew it and persecuted the woman unmercifully. She was aware of the fact that he had her history and was liable to bare her life in such a manner as to make her dread appearing in public. He shook this whip over her all the time until his victim, irresponsible possibly from the effects of his taunts, sealed his lips in death.

THE BOY SCOUTS.
(Communicated.)

Youth is the bridge of life that spans the critical period between childhood and manhood. If the bridge be weak and tottering, if it be built on poor foundations, if it be connected in any way with that which is not good and strong and straight, it may lead the way to all that is undesirable in manhood.

Human conservation finds its greatest work among the youth of the land.

During the last four years there has been a great awakening in Alexandria in the Boy Scout Movement. This city has a big problem on their hands in conserving youth, in making youth go straight, and in keeping as pure as possible the lives of those who are budding into manhood. This is what Troop No. 1 Boy Scouts of America, are trying to do with the boys of our city. On October this troop will open its new headquarters on south Fairfax street, where any boy of our city will find a warm welcome. The Boy Scouts headquarters is designed to give the finest sort of harbor to the floating youth of our city.

It is the intention of the Scout Master to equip the headquarters with a gymnasium, reading room, and place where games can be played.

It is earnestly hoped that the citizens will help the Scouts in their work among the boys of our city.

Sme of the things the Boy Scouts teach. Woodcraft, campcraft, signalling, physical training, first aid, manuel training, hygiene, bird study, Special lectures on Friday evenings will be given on American Citizenship to which every one will be invited.

AT SWEET CHALYBEATE.
(Communicated.)

July 27, 1914.

Editor Alexandria Gazette:

My Dear Sir—Today being Monday, no Gazette, no news from home, but you can't go anywhere without seeing some one you know or get some message from dear old Alexandria. Hon C. C. Carlin, Mrs. Carlin and son, and Mrs. Judge L. C. Barley motored over from the White Sulphur Springs this afternoon to renew old scenes and acquaintances here and at the Old Sweet Springs, W. Va., of other days. The hotel here is filling fast with guests from every point of the compass to enjoy the pure mountain air and health-giving waters, and to rest in the valley surrounded by old Virginia's everlasting hills, which kiss high heaven. The bathing here is excelled no where and the beautiful lawn has to be seen to be appreciated. The table is supplied by most everything raised on the Springs property and pretty girls dressed in snowy white attend you at the table.

Many familiar faces are here again. Mr. Stockton Cook and family, who is well known to many Alexandrians, and many others. The amusements are card games, tennis, horseback riding, motor parties, &c., but one feature, the fishing, is especially fine. Mr. Grant caught a fine bunch of bass the day I arrived and Mr. Hunter landed two beautiful mountain trout in the meadow at the Springs this afternoon. At night the ballroom is one gay scene, the little folks have their march, then dancing begins in earnest, conducted by professional instructors, who teach all the new dances.

This letter is to all my friends in Alexandria and especially to those fishing fellows who go fishing and seldom come home with the goods. My first offense. Yours sincerely,

CHAS. B. MARSHALL.

INCREASE WEIGHT QUICKLY.

Simple Way for the Thin and Pale to Be Plump and Rosy.

Samose can hardly be termed a medicine, it is in reality a flesh forming food. Taken before or after meals, it mingles with the food you eat, enables it to assimilate and readily digest, so as to make rich blood and pleasing plumpness.

After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

Leadbeater & Sons' customers have told them of the remarkable results following the use of Samose, the great flesh-forming food, and they are so thoroughly convinced of its reliability that they are selling it under their personal guarantee to refund the money if it does not do all that it is claimed for it. You who are thin and in poor health cannot afford to let another day pass without getting a 50c box of Samose on those terms.

St. Mary's Holy Name Band went to Del Ray last night where they rendered several selections for the benefit of the lawn party given under the auspices of St. Rita's Catholic Church.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time. A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

TRIAL OF MRS. HALL.

Council for Woman Wants Degree of Punishment Left to Discretion of Jurors.

Louisa, Va., July 29.—Such rapid progress was made yesterday in the trial of Mrs. Victor Hall, charged with the murder of her husband on the morning of April 15, that out of the first venire of 33 men summoned to court, 15 were selected to sit on the tentative jury of 16, and in the evening, out of a second venire of three men, the sixteenth juror was selected, making the panel complete. This morning the defense exercised its prerogative of striking four men from the panel, and the remaining twelve entered upon their work of determining whether Mrs. Hall is innocent of her youthful husband.

At the beginning of the examination of the tentative jurors, R. Lindsay Gorden, chief counsel for Mrs. Hall ,interrupted the court to say that he wished his client to be tried under the new law, which leaves to the discretion of the jury whether the death penalty shall be exacted or a prison sentence imposed. It was Mr. Gordon himself who introduced this statute in the General Assembly, and caused it to be incorporated in the Code of Virginia.

Declares Killing Justifiable.

Lynchburg, Va., July 29.—The coroner's jury which investigated the killing of Morris Pendleton at the Piedmont manganese mines, Campbell county, Saturday, by John W. Powell, returned a verdict of justifiable homicide.

Evidence showed that Pendleton fired twice at Powell before Powell shot, and that Pendleton's third shot was exchanged with Powell's which killed him. Powell has been bailed for preliminary trial.

HER INCOME $10,000 A DAY.

Mrs. Lara, the Hetty Green of Central America, in New York.

New York, July 29.—Mrs. Isabel Lara, the Hetty Green of Central America, arrived yesterday from San Jose, Costa Rica, on the steamer Pastores. Mrs. Lara is a widow, 76 years old, and is reputed to have an income of $10,000 a day. She made her money herself in farming and real estate. Notwithstanding her years, she is as spry and as keen of perception as a girl.

Mrs. Lara is almost blind. Her destination is Paris to consult eye specialists. She declared today she would give all her money for the return of her eyesight. The widow was accompanied by Dr. W. Jorge Lara, her nephew, and two companions, Misses Genoa and Pacifica Iglesias, two beautiful girls of the perfect Costa Rica type.

Banks Suspend Settlements.

Berlin, July 29.—Owing to the critical financial situation, the banks of Berlin today announced suspension of their monthly settlements. The action was taken at the request of the governors of the Bourse.

Saves Wife And Child.

Hastings-on-the-Hudson, N. Y., July 29.—After diving eight times into thirty feet of water, George Swenzen, captain of a canal boat, yesterday rescued his unconscious wife and four-year-old daughter, who were imprisoned in the cabin of the boat when it sank without warning while the family was asleep.

The boat, which was anchored at a coal dock here, sprang a leak shortly before daylight and sank immediately. The inrush of water threw Swensen from his berth and he swam to the surface. He dived below three times before getting his wife to safety. He then plunged down to the cabin five times more to get his child.

Physicians worked over the woman and child two hours before they were revived.

ROBBER SWAPS TROUSERS.

Number of Homes Entered Sunday Near Aberdeen.

Aberdeen, Md., July 29.—A number of robberies were committed Sunday night along the Churchville road and in the outskirts of Aberdeen. The home of Jacob James was entered and robbed of $20 and a gold watch. Arthur Mahan's home was entered and $3.50 taken out of Mrs. Mahan's work basket.

At the home of W. A. Vogts, one robber changed his trousers for a better pair of Mr. Vogt's. At the home of Mr. aButler the dogs barked and frightened away the intruders, who fired a revolver in front of the window.

APPROPRIATION BILLS PASS.

But House Eliminates Provision for Heirs of Confederates.

Washington, July 29.—Congress passed yesterday the last two big general appropriation bills of the session, the Sundry Civil and General Deficiency and River and Harbor bills remain to be passed, and a final conference report on the former was adopted by the Senate yesterday. The River and Harbor bill is being held up by a determined filibuster in the Senate.

Objection in the House cut out of the deficiency measure at the last moment a Senate amendment appropriating $175,000 for longevity pay claims of Confederate officers who left the United States Army at the outbreak of the Civil War.

CAMP STRUCK BY STORM.

Youthful Volunteers Meet in Sham Battle Today.

Gordonsville, Va., July 29.—Just as the Virginia troops lined up preparatory to leaving camp for the night manoeuvres, which preceded the sham battle today, a rain and windstorm unequaled in the history of this section broke, and for a time it appeared that every tent would be razed. The wind continued unabated for five minutes, during which time the men labored strenuously to hold up their flimsy shelters. The gale subsided as quickly as it started, and the troops left camp almost on schedule time.

The camp site was flooded, water lying in some places six inches deep. It was drained off speedily, however, by the excellent system installed by the engineers, who laid off the site. A number of tents were blown down, but were all quickly replaced.

There was also a heavy shower just before a five-mile hike was taken yesterday morning.

CAPE COD CANAL OPENED.

Waterway, Dreamed of for More Than 300 Years, Put Into Operation Today.

Sandwich, Mass., July 29.—The Cape Cod Canal, dreamed of ever since the earliest Pilgrims followed the old Indian trails across the narrow heel of the long curved peninsula which incloses Massachusetts bay, was officially opened here today with high officials of the State and many famous New York financiers as the guests of August Belmont, organizer of the company.

The twelve-mile sea level ditch which adds another link to the chain of canals along the Atlantic seaboard, is expected to open a new era in sea trade between New England ports and those south of the cape. Between Boston and New York alone, it will save seventy miles in distance and four hours in time, and prevent the disastrous wrecks which have so long strewn the desolate sands of the cape.

Business Suspends on Exchange.

London, July 29.—Business practically was suspended on the London stock exchange today pending the war situation. Dealers generally refused to make prices.

Canadian Pacific was officially marked at 162, 161, 170, and 167 in early trading. Consols reached a record low price being quoted at 69 3-4. The market was in a state of panic, and a meeting of the governors of the stock exchange was called to discuss the advisability of deferring settlements due today. Five failures were reported today.

GOLD GOING TO EUROPE.

Shipments During Six Days Over $22,000,000.

New York, July 29.—A torrent of gold has poured out of New York to Europe since the beginning of the war scare several days ago. Since last Thursday shipments have amounted to $22,350,000. There is no abatement in the flow and the present movement, it is believed, will establish a new record.

The emergency demands for gold from Paris and London have depleted the stock of gold bars at the Assay Office, and as a result some of the gold ordered yesterday was in United State coin, of which the government has on hand at this time an amount exceeding $340,000,000 at its various mints and sub-treasuries. Shipments for the calendar year are now in excess of $100,000,000. This, it is believed, is a new high mark for that period.

Woman's Duty to Herself.

Every woman owes it to herself to keep in good health. No one can reasonably be expected to maintain a cheerful disposition when half sick. Indigestion and constipation are two of the most common ills to which women are subject and fortunately are easily cured. Mrs. H. C. Getty, Indiana, Pa., writes: "Last summer I was advised by a friend to try Chamberlain's Tablets for indigestion and constipation. This medicine not only cured me of these disorders, but toned up my whole system so that my health has been better than for years since taking them." For sale by all dealers.
